

Fire Fighting Equipment

Queensland

Thank you for choosing Galvin Engineering - an Australian family owned business. Since 1930 we have been totally focussed on providing you with premium quality products, uncompromising customer service and responsive technical backup. For three generations of Galvins, our team has nurtured long term relationships built on our PAW values of Pride, Accountability and a Will Do Attitude. We are committed to our vision of being Australia's most reliable supplier of specialised commercial taps and valves.

We are proud to present to you our Queensland Fire Fighting Equipment.

Features

- **Fire Hydrant Valves are approved to AS 2419.2 for all states of Australia.**
- **Designed using ideas solicited from hydraulic consultants, government departments, fire authorities, and installers.**
- **Easily installed using the range of Fire Hydrant Risers and Dual Heads.**
