

# Early Learning Solutions

Specialised tapware for Child Care, Kindergarten and Pre-Primary areas

Our safe and easy to operate drinking and washroom tapware has been trusted in Child Care and Kindergartens across Australia for generations. Choosing Lead Safe™ tapware helps improve water quality and protects future generations.

## Safety First

Lead Safe™ DZR and stainless-steel construction, as well as, soft, fungal and bacteria resistant rubber bubbler mouthguards.

## Durable

Robust materials proven to withstand the test of time in permanently high use indoor and outdoor environments.

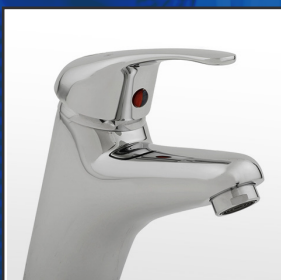

## Water Conserving

Choose from self-closing or sensor activated products with timeflow or timed shut-off options.

## Easy to Operate

Specifically designed levers and handles for easy use and ergonomic fit for small hands.
