

Sensor Taps

Technology meets Design

Technology meets Design

Technology meets Design - Sustainability, ecology and economy
Our Swizz CONTI+ range of tapware offers ideal solutions for semi-public and commercial washrooms and toilets such as Hotel lobbies, restaurants, office buildings, gyms, etc., CONTI+ solutions and products are characterized by their robustness, vandal performance, durability and reliability

Aesthetics in semi-public washrooms and toilets is an important aspect in today's buildings. CONTI+ has always set high standards in terms of design and beauty of form and therefore is ideal for those washrooms and toilets.

In addition, CONTI+ solutions are distinguished by their touch-free operation. Intelligent sensors detect the user and control the water flow of the taps automatically and safely. The intuitive and self-adjusting sensors automatically measures its surroundings and programs the tap accordingly.

The touch-free operation offers

washing areas and toilets with a more hygienically cleaner and professional look.

The use of CONTI+ products is not only hygienic and comfortable, but also extremely economical. Water flows only when it is needed. The touch-free operation saves up to 70% water. Thus, the operating costs for water and energy can be significantly reduced. The optional solar module provides a battery life of up to 8 years. This contributes to a greener environment and also to lower operating expenses

Awards for CONTI+ products

Wash basin tapware – electronic

TZ-10S16MM

Senso Wash Basin Tap, with Infrared Sensor, Electronic Temperature Control, Chrome Comfort Water Saving Jet
Height: 163 mm, Spout Projection: 176 mm

IQ-TWIST10-S16

Twist Wash Basin Faucet, with Infrared Sensor, Electronic Temperature Control, Chrome
Height: 205 mm, Spout Projection: 122 mm

TZ-H10MM

Galvin Hybrid H10 Electronic Hob Kitchen Tap Combination Single Lever Mixer & Infrared Sensor - Mains Power
Also available in Battery Operated
Height: 375 mm, Spout Projection: 215 mm

TZ-GM10XMB

Galvin Ultra GM10 Expert Infrared Electronic Hob Basin Tap 178mm with Temperature Mixer and LCD Display - Solar Operated

TZ-GM10MS

Galvin Ultra GM10 Infrared Electronic Hob Basin Tap 178mm with Temperature Mixer - Battery & Solar Operated

TZ-GM10MM

Galvin Ultra GM10 Infrared Electronic Hob Basin Tap 178mm with Temperature Mixer - Main Power

TZ-GM20SS

Galvin Ultra GM20 Infrared Electronic Hob
Basin Tap 178mm Single Temperature Mixer
- Battery & Solar Operated

TZ-GM20SM

Galvin Ultra GM20 Infrared Electronic Hob
Basin Tap 178mm Single Temperature Mixer
- Mains Power

TZ-L10IMM

Galvin Lumino L10I Electronic Hob
Infrared Basin Tap with Temperature Mixer
- Mains Power

TZ-L10MM

Galvin Lino L10 Infrared Electronic Hob
Basin Tap with Temperature Mixer
- Mains Power
Also available in Battery Operated

TZ-L20SM

Galvin Lino L20 Infrared Electronic Hob
Basin Tap Single Temperature Mixer
- Mains Power.
Also available in Battery Operated

TZ-L20SS

Galvin Lino L20 Infrared Electronic Hob
Basin Tap Single Temperature Mixer
- Battery & Solar Operated

Wash basin tapware – electronic

TZ-FLOWHOBSB

Galvin Flowmatic® Hob Mounted Electronic Infrared Sensor - Single Temperature - Battery Operated
Also available with Temperature Mixer and Mains Power

TZ-A10MM

Galvin IQ A10 Infrared Electronic Hob Basin Tap - Temperature Mixer - Mains Power
Also available with Single Temperature and Battery Power

TZ-A20SM

Galvin IQ A20 Infrared Electronic Hob Basin Tap - Single Temperature - Mains Power
Also available with Temperature Mixer and Battery Power

TZ-M10MM

Maxx Wash Basin Tap M10, with Infrared Sensor and Temperature Control

TZ-FL20SB

Galvin Flamingo Infrared Electronic Hob Basin Tap - Single Temperature - Battery Power
Also available with Temperature Mixer and Mains Power

Wall mounted tapware, concealed / exposed – electronic

TZ-GW20SBK

Galvin Ultra GW20 Wall Mounted Tap, with Infrared Sensor, Premixed Water spout projection: 209 mm

TZ-WV10MB220K

Galvin Lino WV10 Concealed Infrared Wall Mounted Electronic Basin Tap 220mm Kit with Temperature Mixer - Battery Operated

TZ-GW20SSBK

Galvin Ultra GW20 Infrared Wall Mounted Basin Tap with LCD Display Tap - Solar and Battery Operated

Wall mounted tapware, Urinal flushers

TZ-UFV18BCK

Galvin Ultra U18 Exposed Electronic Urinal Flushers, Chrome - Battery Operated
Also available in Mains Power

TZ-UFV18BWK

Galvin Ultra U18 Exposed Electronic Urinal Flushers, Black Glass - Battery Operated
Also available Mains Power

TZ-UFV18BBK

Galvin Ultra U18 Exposed Electronic Urinal Flushers, Black Glass - Battery Operated
Also available in Mains Power

Technology meets Design

Galvin CONTI+ hand hygiene solutions enhance sanitary bathroom environments – in both private homes and public buildings – through the production of high quality materials, elegant design and innovative technology.

Materials with exceptional sensory qualities cast in attractive shapes, combined with technically sophisticated functions, make Galvin CONTI+ perfect for the job.

Operators of semi-public and public rest rooms appreciate technically innovative range. They meet the needs of modern washrooms, with environmentally friendly water-saving performance, touch-free operation and outstanding hygiene functions.

Programmable hygienic rinse and thermal disinfection ensure safety, hygiene and potable water quality.

Perfectly harmonised in terms of form and function, Galvin CONTI+ complete solutions are tailored to the specific requirements of the sanitary sector. The outstanding design and technical sophistication products have been affirmed by a whole raft of awards.
