

# Experience Centre

Aged Care - Health Care - Mental Health - Education - Child Care

Where innovative design meets inclusivity  
in high risk and high care environments.

**galvin**

# Book your galvin experience.

While our Experience Centre is located in Melbourne, we welcome visitors from across Australia and are happy to chat about making your visit possible.

# Real challenges, Real solutions.

## Experience design that puts people first.

Go beyond the showroom. At the galvin Experience Centre, architects, designers, and industry professionals can engage in a powerful, hands-on learning experience that brings inclusive design to life.

### Step into their shoes

Through our simulation suit, experience first-hand the physical and sensory challenges faced by older adults and people with limited mobility. These immersive simulations offer a deeper, empathic understanding of how design directly impacts safety, independence, and dignity.

## What you can expect.

Explore specialised bathroom solutions for aged care, healthcare, mental health, and childcare environments. Gain technical insights into hygiene, infection control, compliance, and durability to support best-practice, high-care design.

## What You'll Experience

- Interactive, tactile learning environment
- Immersive simulations that shift your design perspective
- Practical CPD opportunities for person-centred design
