

GalvinCare® Mental Health Anti-Ligature Safe-Connect Shower Head with Connector

Specification Data Sheet

Features

- Anti-vandalism features
- Anti-ligature design
- Detachable hose connection
- Enables assisted and unassisted showering
- Promotes a normalised environment
- Chrome plate finish for easy cleaning and added durability
- Australian Patent No. AU 2018202412
- New Zealand Patent No. NZ 741366
- International patents pending

Description

The GalvinCare® Mental Health Anti-ligature Safe-Connect Shower Head has the added feature of a hand held shower connection where carers can easily connect a handheld shower if assisted showering is required. The handheld shower then can easily be removed when not in use.

Typical Dimensions

Technical Information

- Inlet: 1/2" BSP - Female
- Outlet: Shower Head
- Working Pressure Range (kPa): 150 Min - 500 Max
- Working Temperature Range (°C): 5 Min - 70 Max
- Nominal Flow Rate (LPM): 5.3
- Construction: Brass
- Finish: Chrome

Maintenance & Cleaning

Galvin Engineering products should be cleaned with a soft damp cloth using only mild liquid detergent or soap and water. Do not use cleaning agents containing a corrosive acid, scouring agent or solvents. Do not use cream cleaners, as they are abrasive. Use of unsuitable cleaning agents may damage the surface. Any damage caused in this way will not be covered by warranty.

Regular maintenance should be carried out in accordance with the installation and troubleshooting guides provided with the product, relevant Australian Standards, local authorities and state codes.

As part of maintaining a safe and reliable plumbing system, we recommend tapware and valves are operated on at least a daily basis.

Warranty

Galvin Engineering products are covered under our Manufacturer's Warranty at www.galvinengineering.com.au. Galvin Engineering products must be installed in accordance with the installation instructions and in accordance with AS3500 and the PCA, relevant Australian Standards and local authorities applicable to product being installed. Water and electrical supply conditions must also comply to the applicable national and/or state standards, failing to comply with these provisions may void the product warranty and affect performance of the product.

In the absence of a legal or industry definition of anti-ligature or ligature resistant products, when we use these terms, we are referring to products that are designed and manufactured with the intention of reducing the risk of ligature attachment to the product(s). Galvin Engineering Pty Ltd will always endeavour to design and test our anti-ligature product(s) to reduce the risk of product ligature attachment that may result in serious injury or death. Whilst all reasonable measures are taken at the time of design, the anti-ligature design of the products are not intended to and will not:

- Replace protective measures that need to be taken in the specific circumstances of usage;
- Substitute the need for supervision of those who may be at risk;
- Protect and or prevent those at risk against any self-harm instances that may occur when installed; and
- Protect and or prevent injury when the risks were unknown to us at the time of the design of the product(s).

Galvin Engineering Pty Ltd does not offer and does not represent or warrant that any product(s) for sale that are ligature-free.

Therefore, Galvin Engineering will not be liable for any claims, loss, or damages arising from ligature attachment on our products. It is the purchaser's responsibility to ensure that products purchased and installed are suitable for the environments in which they are installed, and suitable supervision and protective measures are in place to protect those at risk.

Whilst all reasonable care has been taken in compiling the information in this document, the designs, dimensions and products shown are indicative only and should not be relied upon without our prior approval. Due to our policy of continuous development, we reserve the right to alter any details of specifications or products without notice. All information, drawings, technical specifications and product designs remains the property of Galvin Engineering Pty Ltd.
